Enopi Math & Reading (twice a week)	4-12 years old	\$500		

***Registration Fee:** there is a registration fee of \$200 for new families that is waived if you choose either Option B or C but will be charged if you choose Option A

Cancellation/ Refund Policy: (a) for Option A: if you cancel prior to the end of the month, there is no refund, (b) for Option B or C, if you cancel prior to the date of the end of the Option plan, you will get a refund by the following formula: the amount refunded will be calculated by (i) first converting the membership plan into the month to month plan (Option A) for the period of time attended and then (ii) subtracting such amount from the total tuition paid and then (iii) charging the registration fee (as it will no longer be waived). No exceptions. Example: Johnny's mother signs him up for the annual tuition plan and paid \$3,000 on September 1. On January 1, Johnny's mother gives written notice that Johnny's last day will be the last week of January (ie. Johnny will have completed 5 full months but pre paid 10 months). This entails 5 months to be charged at the month-to-month cost (of \$400 per month), or \$2,000. Since Johnny's mother paid \$3,000 on September 1, Johnny's mother gets a refund of \$800 (\$1,000 remainder minus the registration fee that was originally waived).
